

January 10, 2026: After Midnight, Anytime Day and Night, a Spy Team Inserts Itself into My Work

I am recording again that there is a team of drivers being sent past the front of my house to directly coincide with the work product that I am producing on my computer.

I am unfortunately experiencing, first-hand, what it means to live in America today. Our own government is stealing our ideas and holding us down to raise up a network of criminals that are oppressing us.

I am absolutely recording that criminals are being fed information about how to align themselves into sending messages to me on behalf of a 'higher power' that controls their movements based upon signals that they receive from inside of the government of Donald Trump (and the military coup de tat that is controlling him).

I have reached the conclusion that there is no official force within the country that is capable of holding the spying apparatus back from stalking my life, my work, and my movements.

We are forced now to live under the maniacal obsessive compulsion of a sadistic team of military personnel that insist on raping our home with their intrusive presence every single day no matter the time, occasion, holiday, or meaningful moment that they are interrupting in our home.

Whatever it is that is animating these losers to continue obsessing over a need to cause harm inside of my home is beyond my power to help or control.

But, I am doing my best to alert everyone to the facts that are obviously being presented to me:

THE USA MILITARY IS UNLAWFULLY SPYING ON PEOPLE;

THE USA MILITARY IS ATTEMPTING TO CAUSE HARM TO THE PEOPLE THAT THEY ARE UNLAWFULLY SPYING ON; AND

THE USA MILITARY IS COMPLETELY UNACCOUNTABLE TO THE LEGISLATURE FOR ANY TYPE OF OVERSIGHT WHATSOEVER.

I am recording this journal as daily proof of **a spying presence that is intentionally disrupting my life and attempting to cause harm to my family inside of our home** by driving sound agitations and loud aggressive noises to coincide with our actions, conversations, and movements.

Donald Trump, you and your team are complete shit. Seriously, fuck you all for what you are doing to America, Americans and the world. **FUCK YOU ALL.**
